THE RACHEL ZOE PROJECT

Season three is filled with serious dramz! Rachel Zoe's husband, **Rodger Berman**, is now running the financial side of her styling business, the controversial **Taylor Jacobson**'s been canned, cute **Brad Goreski**'s now style director and Rachel's just as fabulously "bananas" as ever. But even crazier: **Demi Moore** features heavily in the premiere! We die!

Tuesday, 8.3 (11 p.m., Bravo)

BOTTOM LINE: We love, love, love us some Rachel!

Rachel deals with major betrayal in the premiere.

RUBICON

Conspiracies abound in this two-hour premiere. Good actors, too: **Miranda Richardson** excels as a shaken widow and **James Badge Dale** is super watchable as a code-cracking whiz. **Sunday, 8.1 (8 p.m., AMC)**

BOTTOM LINE: Rubicon is awesomely, ridiculously addictive.

BAD GIRLS CLUB MIAMI

When Oxygen's newest crop of misbehaving misses hits South Beach, the shiz hits the fan. Especially volatile this year: Miami local **Morgan**, whose attitude isolates her from the rest of the house in a major way.

Tuesday, 8.3 (9 p.m., Oxygen)

BOTTOM LINE: This guilty pleasure is still over-the-top fun.

THE REAL HOUSEWIVES OF D.C.

The latest housewives are all Obama-obsessed social climbers – but **Micheale Salahi**, who eventually crashes a White House bash along with her equally striving husband, **Tareq**, takes the cake.

Thursday, 8.5 (9 p.m., Bravo)

BOTTOM LINE: These women were made for reality television.

ARE YOU ON TWITTER?

There are false accounts where people claim they're me. I don't even want to look for me!

I have no interest.

NOT EVEN TO KEEP UP WITH FRIENDS?

I don't need Facebook [for that], and I don't want the public knowing what I'm doing [laughs]!
